VOL. IV. RALEIGH, N. C., FRIDAY EVENING, JUNE 25, 1869. NO. 268

The Daily Sentinel.

JOSIAH TURNER, Jr., EDITOR.

We publish, by request, the following communications to the Fayetteville *Eagle*, in answer to the published opinions of the State Treasurer on the Revenue law:

For the Eagle.

NEAR FAYETTEVILLE, N C., May 31, '69.

EDITOR OF THE EAGLE:—I trust you will pardon me for asking a space in your columns, as this is the first time in my life that I ever tried to write for a newspaper.

I wish to examine the Treasurer's letter to me in your last issue, and trust I am not moved by wrong motives to oppose his views.

I have been for many years a law abiding citizen, never had a law-suit in all my life, and have always submitted to "the powers that be," but in this case I consider it so plain a misconstruction of the Constitution and revenue law, that I feel it my duty to express my opinions. In my letter of the 5th inst., to the Public Treasurer, I complained of his instructions to the assessors. He tells them that the products of the farm on hand the 1st of April, are subject to taxation. I mentioned section 12, paragraph 5, showing that a person might rent his farm and the income be exempt from taxation; and sec. 12 par. 8, where income from property taxed is exempt.

I contend that there should be no difference between a large farmer who sold before the 1st of April, and one who sold after; and that the products of the farm are as much income, as when they are converted into money.

Mr. Jenkins says that par. 8, means annual income *in money*, not property at all. Now let us see what the Constitution says!—While there are are many things objectionable in that instrument, I remember some that are very good. In Article 5, section 3, there is a provision that no *income* shall be taxed when the *property from which it is derived* is taxed. Now, I must think the products of the farm are the farmers' income.

Mr. Jenkins says, "income means money, not corn, &c., &c." As I am not much of a scholar, I concluded to consult Webster's dictionary as to the meaning of income. It says, that it is "gain which proceeds from labor, business, property of any kind; the produce of a farm; &c."

I adhere to this definition of income, and entrench myself behind the Constitution; and give in my tax list accordingly. I advise all others who cultivate the soil to do the same.

When the courts decide to throw away that venerable expounder of our language, and take the Treasurer's definition of income; then we will have to make a new dictionary, and old, as well as young, will have to start to school again.

Mr. Jenkins says the tax will not be enough to hurt any person. I judge he will be able to say so this time next year, if these special taxes are not funded.

DAVID MURPHY.

For the Eagle.

NEAR FAYETTEVILLE, N. C., June 7, 1869.

Mr. Editor:—In my communication in your last week's issue, I hope I satisfied every candid mind that the produce of the farm *is the farmers' income*, and exempt from taxation under the Constitution.

Suppose we take the Treasurer's view of the subject. Those who cultivate the soil have only two hundred dollars worth of household goods exempt from taxation; while all other occupations and professions, in addition to this, have five hundred dollars of income, and family expenses not exceeding one thousand dollars, free from taxation.

Can it be possible that the framers of the Constitution intended to put more on those who cultivate the soil for a living than upon others? It can not be so! Just think of it! The farmer has to pay a tax on his land, team, and the provisions for man and beast before he can begin to work. It seems reasonable that the farmer should have something free from taxation, on which to feed his family and carry on his business, as well as other men.

I have been farming the most of my life, and I know, as a general thing, the profits are small on this thin soil: this, with the deranged system of labor since the war, has driven many from the business. If our burdens are increased others will leave.

A good portion of many plantations is abandoned, and we require a large quantity of grain and provisions from other States. It is enough to make any North Carolinian ashamed to see how much we do require from other States to supply our necessities.

I am satisfied that farmers want no more than others. I am equally sure *they will have nothing less.*

Yours Respectfully,
DAVID MURPHY.

A young Shaver, in a Connecticut community, lately made a velocipede. The Elder beheld the machine, and exclaimed, "A Shaker on a velocipede can ride only in one direction—straight to the devil;" and smashed it with an ax. The young Shaker objected to this and left the community—other young disciples, not well grounded in the faith, joining in the indignation and revolt.

Parson Brownlow declares that there are enough babies named after Burnside in Tennessee to drive Sprague out of the State, should he come down there abusing the General; and Sprague rejoins that so many of the population bearing Burnside's name is a stronger rebuke on his conduct in Tennessee than anything he could say.

General A. J. Hamilton has commenced stumping for Governor in Texas. The Conservatives will probably support him. The leading Radical paper in Galveston, *Flake's Bulletin*, has declared definitely for him.

THE BOY'S REASON.—"Why don't your father take a newspaper?" said a man to a little boy whom he caught pilfering his paper from his doorsteps. "Cos he sends me to take it," answered the urchin.

A serious riot took place recently at Laibach, between a procession of gymnasts and the peasantry. Several persons were killed and wounded before the military could restore tranquility.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.
Largest amount of Losses to Widows and Orphans!
The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.
Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.
Being situated in the north-western part of the State in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.
The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of those waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility dyspepsia, rheumatism, &c.
The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.
Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.
FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.
A GOOD BAND OF MUSIC
Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.
Having secured the services of Mr. J. N. Canrs, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.
The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.

ROBERT SOUTTER,
OF GRANVILLE COUNTY,
Desiring the importance of spreading the growth of Wheat in this County; and the farmers, knowing so well the absolute necessity of supplying themselves at so early period with "Seed Wheat" of the finest quality, ready to plant in the Fall, the undersigned takes this early method of inviting applications from farmers, for what they may require to plant next Fall, of the very "Select Seed Wheat" which he expects to deliver at moderate prices, from the crop growing now at his "Oak and Farm" near Townsville, in this County.
This Wheat was planted last Fall, with Guano, of seed selected in Baltimore with great care by my predecessor, Mr. Chas. H. K. Taylor, who paid $3,25 for it there. It has had the advantage of a heavy top-dressing in Spring of Chicago bone Fertiliser and is now very promising.
Like the good Sorghum Seed which I have offered to the farmers of Granville, I hope the orders for my "Seed Wheat" may be equally attractive, to absorb all that I can expect to spare of it.
Address me at Kittrell's Springs, or Mr. Thos. W. Taylor, at Oakland Farm.

MATTERS IN JONES COUNTY.

We judge that we feel an anxiety, which is common, to know the real *status* of affairs in Jones County. The few items furnished by the press of Newbern serve to increase that anxiety, and, we are sorry to add, that the comments upon both sides are calculated to excite doubt whether the public has yet been correctly and fully informed. There is evidently a bad state of feeling in that County, which has led to much crime. This has been greatly aggravated by bad and excited conduct on both sides, no doubt. For in a quarrel, it is always the case, on whichever side the wrong begins, if it is nursed, both sides get into it. It takes two to quarrel. So long as one side maintains its temper and proper propriety, no quarrel will ensue. It is much the case with communities and parties, as with two individuals, one of whom was "spiling for a fight." The peaceable man said to him, "now behave yourself and cease your abuse, for if you go on until the devil gets out of you into me, I will give you the worst hiding you ever had."

No good man can sanction disorder and lawlessness in any community or party. It is the duty of every man to put a stop to crime and disorder. But the civil authorities have acted unwisely from the beginning, and have adopted the very policy to promote and protract disorder. Lawlessness has existed in Jones County ever since the war closed. At one time it extended into several adjoining Counties. The murders of several whites in that County, and especially the murder of Col. Nethercutt, was calculated, unless the murderers had been arrested and punished lawfully at once, to engender strife, to promote feuds, and to encourage and foster divisions among the people and the formation of parties. Under such circumstances, the carpet baggers, negroes and scallawags have all been arrayed on one side against the rest of the community. It is plain, therefore, that such feuds and crimes cannot be suppressed so long as the dominant party persists in saying, that the Commissioners, Magistrates, Sheriffs, Constables and Militia shall all be of one party, and in general, members of secret oath-bound Leagues. This is pretty much the case in Jones County. Wherever the peace of society is preserved by the strong arm of public opinion in any community, there is but little danger of collision even though the officiary should all be on one side; but let society become disorganized and disturbed and it will be found impossible to restore order, when the peace officers are all of one party. Common experience and common sense will teach every man this. But our authorities have ignored the teachings of common sense and hence the condition of Jones county. But if this course is persisted in, disorder will not be confined to Jones. If partizan prejudice and bias are to infest and control the municipal, legislative, executive and judicial functions of the State, what bladers anarchy and disorder! Is it not the object of Radicalism to promote these, by its unwise policy of converting every office in the State, into a partizan affair, that military governments may be forced upon the people, for the purpose of destroying civil liberty and forcing the Empire upon us! We warn the people and the authorities to consider well the practical workings of a system, which places in office no man or puts a bayonet in no man's hands, unless he is a member of the Union League or some other oath-bound secret association.

CHIEF JUSTICE CHASE.

The visit of this gentleman to this city recently, furnished him an opportunity to extend his acquaintance among our people, and also gave them a chance to learn more of his character and feelings. We will not be guilty of the too prevalent custom of indulging fulsome eulogy in this case.—Bating the fact, that our people cannot forget that Judge Chase, at an early period after the war closed, lent the power of his influence to the spread of Radical principles and the enforcement of measures of reconstruction which we must always regard as singularly unjust, oppressive and damaging to the white people of the South, yet we are glad to say that the intercourse of our people with him recently, has been of the most agreeable character, and that his kindly disposition towards us and his patriotic bearing, have excited much interest in him, both in his official and personal character. His course on the Bench has been very satisfactory, we believe, to the members of the Bar, and his private intercourse with our citizens has been mutually agreeable.

We should be glad to be put in possession of all the facts and papers connected with the private history of the Chief Justice, in reference to a certain matter, during his recent visit to the South. It will be remembered that while he was in Charleston he was invited to attend the memorial celebration at the graves of the Federal dead. Pressing engagements prevented his attendance, but he addressed a letter to the committee, expressing his hearty approval and sympathy with the occasion, and in a very delicate and kind manner alluded to similar ceremonies which ought to be kept up at the graves of the Confederate dead.—This letter was published and called forth very general expressions of approval from all parties. We are told there was, at least, one exception to this general approval, in the person of an old friend of the Judge's at the North, whose name we do not remember. He seems to be still an unreconstructed hater of the Confederate dead and living. While in this city, we hear the Chief Justice received a letter from this old friend, in which he warmly remonstrates with the Judge against the kind expressions used by him in his letter to the Charleston Committee, towards the Confederate dead, and expresses his holy horror at any sympathy for such great sinners. We understand that the reply of the Chief Justice to this old friend, is the most beautiful, tender, eloquent and patriotic effusion, which ever emanated from his pen. It exhibits him, we understand in the most amiable light; his heart swelling with sympathy, forgiveness, and kindness, pours out itself in this epistle, showing his ardent patriotism, his zeal for peace and harmony and union, and an utter forgetfulness of the dead past, worthy of the statesman, the citizen, the Judge and the Christian. We hope that letter will one day see the light.

STATE ELECTIONS.

Yesterday we alluded to the elections to come off in this State on the first Thursday in August. As we fear the people are not sufficiently aroused to the importance of these elections, we again refer to this subject, in order to give some information that may aid the people of the State in deciding on their course of action.

The officers to be elected are, two Justices, a Clerk, and a Constable for each Township. As these are to have the immediate jurisdiction in the policing of the Township, and will form the tribunal for settling the local difficulties within the Township, it behooves the people to make judicious selections of men to fill these places, and this, we think, ought to be done without regard, specially, to party affiliations.

We give below, so much of the act of the General Assembly as relates to these officers and duties, from which it will be seen, as we have stated, that these elections demand the thought at and attention of the people of the State:

Sec. 11. The Board of Trustees shall have power to purchase and to hold for the use of the Township, such real estate as they may deem necessary, not to exceed one acre, and to erect, thereon a Township house, which shall be as near central in location as may be, and for the purpose of buying property and erecting such building, they are authorized, if they deem it expedient to lay and collect a tax upon all the property in the Township, with the approval of a majority of the qualified voters of the Township, to be held for that purpose under the direction of such Trustees.

Sec. 14. The Board of Trustees shall have authority, within their respective Townships, to lay out, alter, repair, or discontinue high ways; to establish and settle ferries; to build and keep up bridges, subject to sub division eleven, section eight, of the before recited acts concerning the government of counties; to lay off or discontinue cartways; to appoint overseers of highways; to allow and contract for the building of toll bridges, and to license the erection of gates across highways. This authority shall be exercised under the rules, regulations, restrictions and penalties in all respect as prescribed and imposed in chapter one hundred and one of the Revised Code, upon the Justices of the late County Courts. The Clerk of the Board shall perform the duties therein enjoined upon the Clerk of the late County Courts; and the Township Constable shall perform the duties imposed in said chapter on the Sheriff.

Sec. 16. The Township Board of Trustees shall assess the taxable property of their Townships, and make return to the County Commissioners for revision, as may be prescribed by law.

Sec. 17. The Board of Trustees of each Township shall make out a written report, upon the condition of the roads and bridges in their respective Townships, to the County Commissioners, at least ten days before the regular terms of the Superior Courts of the County.

Sec. 18. The Board of Trustees shall audit all accounts against the Township, as directed in section ten of the act concerning the government of Counties; and shall cause semi-annual publications of all accounts, so audited, to be posted at the Township house, or other place of meeting, if there be no Township house, and three other public places in the Township.

Sec. 19. The Board of Trustees shall have power to lay and collect all taxes which may be required to defray the necessary expenses of the Township, and the Township Constable shall collect all taxes so laid and assessed.

Sec. 21. Each Justice of the Peace, who is a member of the Board, shall receive two dollars *per diem* for each day's attendance upon the meetings of the Board; and the Clerk shall receive the same *per diem*, with such additional compensation for his duties as clerk as the Board may allow.

CONTEMPT OF COURT.—Prior to the rendering of the decision of the Court in the "contempt" case, the *Standard*, it will be recollected, in the spirit of dictation and hectoring which has always characterized that paper, made an attempt to teach that body what it ought to do, counselled severe and summary measures against the protesting lawyers, and threatened that body with the ire of the people, if it did not stand up squarely. Opposed as we have been to the course of the Court, in no instance did we assume any such position of contempt towards that body. We learn that the impertinent course of the *Standard* towards the Supreme Court was more than the Court could bear, and it is intimated that the conduct of that paper was seriously discussed, whether it should be arrested and its mouth shut in the premises. Finally a spirit of forbearance prevailed and the Court determined to pass it by unnoticed. We are glad of this decision, both on account of our neighbor and the interest of civil liberty.

USURY.—The Legislatures of Connecticut and New Hampshire are discussing the abrogation or modification of their usury laws.

THE DRAMA.—There seems to be a revolution in progress in the drama of Northern theatres, the aim of which, it seems, is to render more decent the character of public representations on the stage.

Mr. Henry Montgomery, an English actor, played in London and Dover, which are separated by ninety miles of railroad, on the same evening. This is certainly playing a part with a vengeance.

SOUTHERN HISTORICAL SOCIETY.

There was a regular meeting of this society last evening, in the office of the Howard Association, which was well attended, and important business transacted. Gen. Braxton Bragg officiated as President, in the absence of Dr. Palmer.

The permanent constitution and by-laws were read, adopted and ordered to be published.

Letters were read from a number of the Vice Presidents elected at a previous meeting.

We append an official list of the officers of the society:

OFFICERS OF PARENT SOCIETY, NEW ORLEANS, LA.

Rev. B. M. Palmer, D. D., President; Gen. Braxton, Bragg, Vice President; Joseph Jones, M. D, Secretary and Treasurer.

ADVISORY COMMITTEE.

President, Vice President and Secretary, ex officio, J. Dickson Bruns, M. D., Hon. Thos. J. Semmes, W. S. Pike, Gen. Harry T. Hays.

VICE PRESIDENTS OF STATES.

Gen. R. E. Lee, Virginia; Hon. S. Teakle Wallis, Maryland; Gen. D. H. Hill, North Carolina; Gen. Wade Hampton, South Carolina; Hon. Alex. H. Stevens, Georgia, Admiral R. Semmes, Alabama; Gov. Isham G. Harris, Tennessee; Gov B. G. Humphreys, Mississippi; Col. Ashbel Smith, Texas; Gen. J. C. Breckinridge, Kentucky; Gen. Trusten Polk, Missouri; Hon. A. H Garland, Arkansas; Hon. S. R. Mallory, Florida.

The following able address was read by the Secretary and Treasurer, Dr. Joseph Jones, and unanimously adopted. It very fully explains the objects and scope of the society:

OFFICIAL CIRCULAR.

On the 1st of May, 1869, after several preliminary meetings, a number of gentlemen in the city of New Orleans formed themselves into a permanent association, under the style of the "Southern Historical Society," with the following general outline:

A parent society, to hold its seat and its archives in the city of New Orleans, with affiliating societies to be organized in all the States favorable to the object proposed; these in their turn branching into local organizations in the different townships—forming thus a wide fellowship of closely co ordinated societies, with a common centre in the parent association in this city.

The object proposed to be accomplished is the collection, classification, preservation, and final publication, in some form to be hereafter determined, of all the documents and facts bearing upon the eventful history of the past few years, illustrating the nature of the struggle from which the country has just emerged, defining and vindicating the principles which lay beneath it, and marking the stages through which it was conducted to its issue. It is not understood that this association shall be of purely sectional, nor that its labors shall be of a partisan character.

Everything which relates to this critical period of our national history, pending the conflicts, antecedent or subsequent to it, from the point of view of either, or of both the contestants; everything, in short, which shall vindicate the truth of history is to be industriously collated and filed; and all parties, in every section of the continent, who shall desire to co-operate in the attainment of these ends, will be welcomed to a share in our councils and our toils.

It is doubtless true, that an accepted history can never be written in the midst of the stormy events of which that history is comprised, nor by the agents through whose efficiency they were wrought. The strong passions which are evoked in every human conflict disturb the vision and warp the judgment, in the scales of whose criticism the necessary facts are to be weighed; even the relative importance of these facts cannot be measured by those who are in too close proximity. Scope must be afforded for the development of their remote issues before they can be brought under the range of a philosophic apprehension; and the secret thread be discovered, running through all history, upon which its single facts crystalize in the unity of some great providential plan.

The generations of the disinterested must succeed the generations of the prejudiced before history properly formed such can be written. This, precisely, is the work we now attempt, to construct the archives in which shall be collected these memories to serve for future history.

It is believed that invaluable documents are scattered over the whole land, in loose sheets, perhaps, lying in the portfolios of private gentlemen, and only preserved as souvenirs of their own parts in the historic drama.

Existing in forms so perishable, regarded, it may be, only so much waste paper, by those into whose hands they must fall, no delay should be suffered in their collection and preservation.

There is, doubtless, too much that is yet unwritten, floating only in the memories of the living, which, if not speedily rescued, will be swallowed in the oblivion of the grave, but which, if reduced to record, and collated, would afford the key to many a cipher, in a little while to become unintelligible for want of interpretation.

All this various material, gathered from every section, will need to be industriously classified and arranged, and finally deposited in the central archives of the society under the care of appropriate guardians.

To this task of collection, we invite the immediate attention and co-operation of our compatriots throughout the South, to facilitate which, we propose the organization of State and district associations, that our whole people may be brought into harmony of action in this important matter.

The rapid changes through which the institutions of the country are now passing, and the still more stupendous revolutions in the opinions of men, remind us that we stand to day upon the outer verge of a great historic cycle, within which a completed past will shortly be enclosed. Another cycle may touch its circumference; but the events it shall embrace will be gathered around another historic centre, and the future historian will pronounce that, in stepping from one to the other, he has entered upon another and separate volume of the nation's record.

Let us, who are soon to be in that past, to which we properly belong, see that there are no gaps in the record.

Thus shall we discharge a duty to the fathers, whose principles we inherit, to the children, who will then know whether to honor or to dishonor the sires that begot them; and above all, to the dead heroes sleeping on the vast battle plains, from Manassas to Vicksburg, whose epitaph history yet waits to engrave upon their tombs.

The funds raised by initiation fees, assessments, donations and lectures, after defraying the current expenses, will be appropriated to the rent or purchase of a suitable fire proof building for the safe keeping of the archives.

For the accomplishment of these ends contributions are respectfully solicited from all parties interested in the establishment and prosperity of the Southern Historical Society.

Contributions to the archives and library of the society are respectfully and earnestly solicited under the following specific divisions:

1. The histories and historical collections of the individual States, from the earliest periods to the present time, including travels, journals and maps.

2. Complete files of the newspapers, periodicals, literary, scientific and medical journals of the Southern States, from the earliest times to the present day, including, especially, the period of the recent American civil war.

17. Published reports and manuscripts relating to civil prisoners held during the war.

21. Southern poetry, ballads, songs, etc.

All communications, works and reports must be addressed (by mail or express, prepaid,) to Dr. Joseph Jones, Secretary and Treasurer of the Southern Hisocical Society, New Orleans, La.

After some further business, the meeting adjourned.

STATE NEWS.

WHAT OUR PEOPLE EAT.—For the purpose of showing our citizens what kind of fresh meat is sometimes offered for sale at People's Market, we copy the following report made by Chief of Police Richardson, to the Mayor, yesterday morning:

"It has been represented to me that Thomas McGlinn has slaughtered a steer for the purpose of selling it at Stall No. 2, People's Market, and it is further represented that said steer or beef was so badly foundered and overheated, and also had the hollow horn so badly that it could not walk, but was carried to the place of slaughter in a dray and then killed and prepared for market. He was carried up to the slaughter house between four and five o'clock, A. M., and remained unable to walk and was killed about one o'clock Tuesday. The beef was marked as well as can be described: Swallow fork right, crop and under bit left, hide red."

Before the police officers could secure this beef a portion of it had been disposed of.—Yesterday the remainder was seized and turned over to Mr. F. D. Slachter for garbage. We trust the gastronomic organs of those of our citizens who were so unfortunate as to purchase and eat of this worse than "blue-beef," are good, and that they experienced no difficulty in consequence of dieting upon it.—*Newbern Journal Commerce.*

CHURCH ROBBED.—Some graceless scamp, not having the fear of God or man before his eyes, entered the church of Big Rockfish, Cumberland county, two or three weeks since, and stole therefrom the carpet from the steps leading to the pulpit. He effected an entrance by breaking a window.—*Presbyterian.*

AFFAIRS IN JONES COUNTY.—We conversed, yesterday, for a short time, with the newly appointed Sheriff of Jones, and found him thoroughly convinced that there was no difficulty in the civil authorities of the county executing any precepts. He affirmed his belief that every respectable citizen of the county would aid in every legitimate way in putting down crime, and in bringing those guilty of offences to punishment. He said that he anticipated no trouble in the performance of his duties. Such testimony from a Republican, and we believe Mr. Pearce is a firm and consistent one, is worth all the senseless twaddle about Ku Klux that will be written or spoken for the next month.—*Journal Commerce.*

THROUGH AGAIN.—We learn from the *Examiner* that the breaks caused by the freshet, in the W. N. C. Railroad have been sufficiently repaired to allow trains to run through from Salisbury to Morganton.

DEATH OF A VERY OLD LADY.—We regret to have to announce the death of a very old and estimable lady, Mrs. Martha Smith, who died in this City, at the residence of Mr. W. M. Barker, on the 23d. June, instant.

A remarkable coincidence in the history of this old lady, is that she was born, married, and died, on the 23d. June.—*Salisbury Examiner.*

THE FOURTH OF JULY.—The very kindly proposition, made by us last week in the name of very many of the Conservative citizens of Salisbury, to have a citizens Fourth of July celebration this year, without distinction of party, having been rejected by the Radical leaders, who have determined to have such a celebration in their own party interests, we have nothing further to say on the subject. Let the self-constituted committee, consisting of *five* Radicals, who represent only themselves, have such a celebration as they can get up among their own party friends.—*Old North State.*

One day last week, says the Demopolis *Republican*, an individual of the African persuasion entered the office of the probate judge in that city, when the following dialogue ensued: "Is dis de place whar dey gits license for to get married?" "Well, I got married two years ago wid a license, and now my wife's dun run away and left me, and I want to get my name scratched off."

MARRIED.

On the 17th inst., at the residence of Mr. Darcy Williams, near Rocky Mount, by Jno. N. Taylor, Esq., Mr. HENRY H. GRIFFIN to Miss BETTIE BULLOCK, daughter of Maj Jesse Bullock, all of Edgecombe.

DIED:

At the residence of James M. Redmond, Esq., in Tarboro', on the 20th inst., Mrs. RACHAEL STILLMAN, aged 77 years and 6 months.

In Edgecombe county, on the 16th inst., of Chronic Diarrhea, SIM B. STATON, aged 28 years and 5 days.

At the residence of John F. Knight, in Edgecombe county, on the 19th inst., WARREN BURR, only son of W. W. and Susan Latham, aged 1 year, 4 months and 16 days.

In Salisbury on Wednesday, the 23d inst., on the anniversary of her birth and her marriage, Mrs. MARTHA SMITH, aged 72 years.

Ayer's Cathartic Pills,
For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cases are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,
For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

D. & D. INSTITUTE.—The Board of Supervisors of this institution met yesterday, and elected the officers and subordinates, for the ensuing year. The only change, we believe, is the election of Miss Henrietta Hansen, as Teacher of Music in the Blind department, in place of Mrs. Slater.

A SUCCESS.—We could not attend the Children's Concert at Tucker Hall, last night, but are informed by several that were present that everything passed off pleasantly; the children sung and recited admirably, for those so young, and all were pleased with the evening's entertainment.

THE EXCURSION of the Baptist Sunday School to Ridgeway comes off to-morrow. The young folks are anticipating a joyous day, and we hope the weather will not prove unpropitious. We are under obligation to the managers for a ticket to join the excursionists, but, from present indications, fear it will be out of our power to do so.

BEAUTIFUL WORK.—We noticed in the parlor of a lady of this city, some days ago, some beautiful specimens of shell work, in ornamentation of picture frames, and what is most creditable to the ingenuity, and industry of the lady is, that it was the work of her own hands. She procures the shells, of various sizes and colors, from the sea-coast, and after they are thoroughly cleansed, they are arranged in pretty figures, flowers, stars, &c., on frames of common wood, and confined by glue or cement, and are thus made ornaments that would set off any parlor.

NORTH CAROLINA FIRE INSURANCE CO.—We are pleased to learn that this Institution which has only been in full operation about four months, is a decided success. Over 300 policies have already been issued. Its business is properly scattered over the entire area of the State and into some localities in adjoining States. It is managed in this city by highly competent and accommodating officers who are at their posts ready at all times to accommodate all applicants.

Its terms are as moderate as any other safe institution, and all loss is will be promptly paid. So far the Company has met with no loss, being much more anxious to do a safe and reliable business, rather than take risks too hazardous to endanger its responsibility.

We are satisfied that our people cannot do better than to encourage this *Home* Institution. Its stockholders and officers are citizens of the State, deeply interested in her prosperity. The income of the Institution is expended and invested here for the promotion of North Carolina interests, and its responsibility we are assured is ample. Let our people sustain their own institutions and build up a proper spirit of rivalry in the road to prosperity with our sister States.

NOT CLOSED UP.—Somebody said, and, we believe, some paper published, that the Tobacco Factory of Z. I. Lyon & Co., at Durhams was closed. This is not true, as we can testify; for we are puffing a tip-top article of their smoking tobacco at this very moment, a sample of which was sent us by the manufacturers, no longer ago than this very morning, for which they will please accept the Local's profound thanks. They are making plenty of the same sort, too.

HOUSE ROBBED.—We learn that on Wednesday night last, some rogue entered the dwelling house of Mr. Eddie White, while the family where asleep, and, not having the fear of the police before his eyes, did feloniously take and convey away a bucket of lard and a jar of coffee; also, a piece of cooked meat which had been put away in the cupboard. They only entered the dining room, and nothing but the above articles were missed. The rogue entered by the window.

SUPREME COURT.—The Court met pursuant to adjournment; all the Justices present.

The following cases were argued:

Campbell ex. Allison, from Iredell. Mr. Clement for Plaintiff; Mr. Bailey for Defendant.

Silas H. Rogers having filed answer in obedience to Rule; it was discharged as to him—same as to Mr. B. F. Moore.

U. S. CIRCUIT COURT.—Hon. G. W. Brooks, presiding. Morning devoted to civil docket.

COCK FIGHT.—We learn that in the progressive march of great moral ideas, there will be a cock fight at the eastern terminus of Newbern street to morrow at 3 o'clock p. m. for $500 a side.

THE Milton *Chronicle*, speaking of the recent difficulty between the Bench and the Bar, says,

"In this controversy between the Court and the Lawyers, there is but one clean end to the stick, and the lawyers hold that. The people will so decide."

For the Sentinel.

A DAY IN COURT.

MR. EDITOR:—The 16th of June, 1869, will be a day long remembered in the judicial annals of North Carolina. Never, perhaps, since the foundation of the government, has so impressive a trial transpired within the State as that which occurred that day in the Supreme Court. The plaintiff, prosecutor and Judge in this case was the Bench; the Bar, comprising some of the oldest, ablest and most distinguished lawyers in the country, were the defendants. The charge, though indefinitely stated, was supposed to be, and responded to, as a contempt of Court. Such a case, involving such momentous issues, so novel, too, and embracing so many distinguished parties, was well calculated to excite an unusual interest, and long before the hour for the meeting of the Court, the rooms began to be crowded by eager persons, anxious to hear so interesting a trial. Your humble correspondent, the humblest, least observed and recognized, perhaps, of all that august assemblage, with fifteen cents in his pocket, out of employment, and, but a few moments before, care worn and discouraged, in passing by, catches the exciting effluvia of the hour and seeks an humble corner of the room and anxiously awaits the opening of the imposing trial. Perhaps I may be pardoned for extending this digression a little farther by somewhat of an excuse for the presumptuous obtrusion of my poor and humble self amidst the learned, eloquent and distinguished dignitaries of the State, and in the very presence of the august Tribunal instituted for the consideration and decision of the "higher and weightier matters of the law." It is this; that though I have been unfortunate and unsuccessful in the popular sense of the word, I, nevertheless, always had, from my early boyhood, a perfect passion for learning, eloquence and oratory. Fond and pleasing, yea sweet and transporting, were the hopes and fancies with which an early ambition inspired me of one day realizing these magnificent—may I not, without irreverence, say, God-like—attainments; but like many of the bright and halcyon illusions of a "school-boy's dream," they were (in my case) destined to disappointment, and are "gone glimmering," &c. I expected a rich feast of these rare commodities on this occasion; nor was I disappointed in that anticipation, as the sequel of the trial happily and abundantly evinced; but as no language at my command, will enable me adequately to portray to your readers; so to resume the thread of the trial.

Chief Justice Pearson now enters the Court, followed by his Associate Judges, Reade, Rodman, Dick and Settle, seated upon the Bench, amid the profound silence of the Court. Ever-changing reflections crowd the mind in rapid succession—but no more digressions. The trial commences. The Hon. W. H. Battle, counsel for B. F. Moore, Esq., rises from his seat; and here is a scene worthy of the descriptive powers of a Washington Irving. Behold this venerable oracle of the law, as he stands before the Court, to defend the friend and class mate of his school-boy days, whose locks, like his own, are hoary with the frosts of many winters, whose step is becoming unsteady with age, and whose form, like his own, is bending under the accumulating weight of years. The feelings, memories and associations inspired by the occasion, seemed almost to have overpowered this venerable advocate. For many years he had been on that Bench as the Associate and peer of the Chief Justice, to whom he is now so strongly to appeal, as advocate in defence of his venerable and distinguished client. The Associates on the right, and on the left of the Bench, perhaps, learned the rudiments of law from him and the Chief Justice. To them he likewise now appeals in defence of that client who is regarded as the head of the Bar of North Carolina. He speaks, but his silvery voice is hoarse and tremulous with irrepressible emotion. He holds in his attenuated hands, the response of his client, which trembles like the aspen leaf, in consequence of the deep emotions, which unnerve and shake his frame. His classic face, anxious and wan, sadly betokens the feelings that are welling up from his great soul. His eyes are suffused with tears, as struggling with his emotions, he proceeds slowly, yet grandly, with his defence, at the conclusion of which, the innocence of his client appears as clear as the noon day sun. I do not know with what degree of solemnity this part of the trial may have impressed other minds; but to me, it was peculiarly touching and impressive.

Next, as counsellor for the defence, appeared Judge Fowle, the son-in-law and former law student of the Chief Justice.—In regard to Judge Fowle's effort, it is enough to say, it was what his merited fame justified us in expecting of him. It was truthful, eloquent and conclusive.

Next in order in behalf of the *deberred*, appeared Judge Person, of Wilmington. His, was by far the most elaborate defence of all, and I doubt very much if an older or more eloquent defence was ever made by any man, in any age or in any country. Judge Person, I thought, proved himself more than equal to, and met all the demands of, the momentous occasion, fully and perfectly in every particular. As I sat in rapt admiration of his great and transcendent powers, of his enlarged and comprehensive statesmanship, and of his bold and towering eloquence, I felt proud of him as a North Carolinian and wondered how long the blind and misguided passions of the hour would exclude the wisdom of such men from the councils of the nation.

Judge Barnes made an appropriate speech in behalf of the *ostracised*. He spoke nobly and touchingly of our venerable and distinguished townsmen, Ex Gov. Bragg, and B. F. Moore, Esq., from whom he learned the rudiments of law and to whom subsequent and continued kindness, he felt largely indebted for his success at the Bar. I thought it sublimely creditable to Judge Barnes, to thus reward, at a far distant day, in the vicissitudes of fortune, the "lang syne" kindness of these two eminent men, with the grateful homage of a zealous and eloquent defence.

But how shall I adequately characterize the matchless *coup d'etat* effort of the Hon W. N. H. Smith, of Northampton? Description stands defied and abashed before the chaste and exquisite elegance, the sweet and persuasive eloquence and the conciliating and perfect appropriateness of his defence. The occasion seemed only to meet just such a speech, and Mr. Smith only demanded just such an occasion to meet the requirement. The defence was now absolutely perfect and complete. If I may be allowed the expression, in this connection, I formed a consummate *chevaux de frise*. I was struck with the marked courtesy on the part of the Bar towards the Bench, as exhibited throughout the entire trial, and I could but think what a fitting *finale* it would have been to this unfortunate matter, had the Bench, at the conclusion of Mr. Smith's speech, rescinded the debarring rule and *nee*, and at once restored the Bar to their legitimate relations with the Bench. I could but regret that the plan of defence *deberred* me of the pleasure of hearing our distinguished and talented townsmen, Col. Ed. Graham Haywood, in his own defence. I question if the world has produced many efforts of the kind, since Paul's defence before Agrippa, that would have surpassed it in power, beauty and splendor. But I must not let my disappointment in this regard, run into a disparagement of the efforts I *did* hear; for if there was better "in the shop" than I got, it certainly had to be *mighty good!*

WANDERER.

REV. S. B. MCPHEETERS, D. D.—The last *Missouri Presbyterian* says: "Rev. S. B. McPheeters, D. D., is making a short visit to his brother in this City. His general health is quite good, but he is still obliged to remain in a recumbent position. We need not say that a great many people here have been happier to welcome him than they could be to greet any one. And we are sure that brethren throughout the State will be glad to learn of the present comparatively comfortable condition of one whom they so love for his labors and his sufferings."—*N. C. A girl, keeper of a toll-gate in England, was cheated by a swell velocipedist, who thought to chaff her, how much he had to pay. "That, sir," replied she, depends upon whether you get off your dandy horse and drag it through; because in that case every two-wheeled vehicle drawn by a horse or an ass pays three pence."

A western editor named Steele reports having received an offer from a printer named Doolittle to go into partnership.—He respectfully declined on account of the bad sound the firm name must have—"Doolittle and Steele," or *vice versa*. "One of us would soon be in the poor house and the other in the penitentiary.

A decree of divorce was granted to a Mr. Leslie F. Sleeper, of Chicago, on Wednesday, against her cruel husband, John Sleeper. Not content with having her as a temporal Sleeper, he tried his best, (once with poisoned pain killer, again with wine as she alleged, and still again with a revolver,) to make her an eternal Sleeper.

A learned Judge not a hundred miles from here, rendered a charge to the jury "thusly:" "Do what you think right; take the case." That Judge is what we call a sensible man.

THE BEAUTIFUL.

(From the MS. Poems of the late George W. Pierce.)

The beautiful—the beautiful,
They're dwelling everywhere;
And the music of their voices,
Like hope upon the air,
Is breathing all around us,
And whispering in our ear;
The beautiful—the beautiful—
How lovely they appear.

Joys fly on eagle's pinions,
Hope's brightest dreams depart,
But the beautiful like peace itself,
Is cradled on the heart,
To smile away our sorrows,
A halcyon on thought's stream,
Till life becomes all harmony,
And weariness a dream.

When fancy throws her shadow,
Like angel's rustling wing,
O'er the silent world of memory,
What tidings doth she bring,
Of those who pass'd us early,
With spring of summer flowers,
Too much beloved of Heaven
For this dark sphere of ours?

I hear their golden harps arise,
I see their look of love
The beautiful—the beautiful—
Come round us from above;
They visit kindred visits,
That threads life's path alone,
And whisper happier hours
Now gone—forever gone.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.,

and finds just what he wants:

An ALL-CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10,005,520.00
Total Premiums,	320,1.7.03

The whole number issued by the Connecticut Mutual in the first year of its existence was 892

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	343
" Phoenix Mutual,	335
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 479 policies.

In its 10th year,	$1,350 "
And in its 20th year,	3,842 "

this latter being 600 less than was issued by the NATIONAL in its first seven months.

CAPITAL OF THE STATE.

Daily, Semi-Weekly and Weekly.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph, will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the low price of the article places it within the reach of every family.
This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.
The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest lace to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.
The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR OR FRICTION.—A thorough rinsing finishes the process.
Washing day will no longer be a terror and dread to housekeepers. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.
The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.
No invention has met with such ready sale and given such satisfaction. Call at LAUGHE & BROTHERS, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.
